We believe that all South Carolina Children should have the opportunity to reach their full potential.

The South Carolina Child Well-Being Coalition is a group of local and state agencies, community members and organizations committed to improving well-being outcomes of all South Carolina children.

Our mission is to lead the state-wide movement to build communities that support and prioritize the health and well-being of SC children because they all matter.

AREAS OF IMPACT

Using research and data to identify and measure what works.

Developmental Screening

Child Safety

Childhood Obesity

VALUES THAT STRENGTHEN OUR WORK

Cultural Competence

We will ensure our work meets the social, cultural, linguistic, and geographic needs of children.

Strengthening Families

We will work to create learning opportunities and improve the quality and availability of existing multi-generational services to help families build protective factors that mitigate and eliminate risk and enhance well-being.

Prevention

We will use a multidisciplinary systematic approach to help leverage resources and services to improve child well-being across South Carolina.

Equity

We recognize that disparities exist and thus will target strategies to achieve universal goals for all children.
